

Product technical information

Magnetite VOBBPP85

Typical applications

- Magnetic imaging
- Printed electronics
- Catalysts
- Black-brown ink

Key properties

Mean particle size/nm: 80
Size distribution: lognormal
FWHM/nm: 20
Shape: spheroidal
Purity: 99.99% Fe₃O₄

Delivery

- Agglomerated powder: product code VOBBAP85
- Aqueous slurry 10% ^w/w: product code VOBBSP85
